fault finding and maintenance. While ADB SAFEGATE has defined several standard modules, the course can be customized to meet your airport's needs. A spotlight on Airfield Ground Lighting 3 Operating an airport safely relies on the quality of the Airfield Ground Lighting, which depends on the quality of the design, installation and maintenance.

In-depth Airport Training - ADB Safegate Training Academy

In a project to upgrade the Airfield, Naval Air Station Oceana (NTU) in Virginia Beach, is reconstructing the runway and implementing LED lighting from ADB SAFEGATE. Not only will Oceana Naval Air Station see a reduction in energy usage, but also a substantial reduction in ongoing maintenance costs related to re-lamping incandescent fixtures.

Airfield Lighting " ADB SAFEGATE blog

ADB SAFEGATE will conduct an AGL design review and install its intelligent airfield solutions including intelligent LED ground lighting and visual aids. These will improve throughput and efficiency, and enable safer and more sustainable operations.

Safety " ADB SAFEGATE blog

ADB Safegate has pioneered a variety of products and systems including Advanced Docking Guidance Systems (A-VDGS), Individual Light Control and Monitoring Systems (ILCMS) and Airfield Lighting with LED. Although the merger made the company's portfolio larger, it also presented a supply chain challenge in terms of duplicate products and solutions.
