Environmental racism is a term used to describe environmental injustice that occurs in practice and in policy within a racialized context. In 1982, the term was coined by Benjamin Chavis, who was the then executive director of the United Church of Christ (UCC) Commission for Racial Justice, in response to the dumping of hazardous PCB waste in a town in Warren County, North Carolina.

Environmental racism - Wikipedia

There are many environmental issues in India. Air pollution, water pollution, garbage and pollution of the natural environment are all challenges for India. Nature is also causing some drastic effects on India. The situation was worse between 1947 through 1995. According to data collection and environment assessment studies of World Bank experts, between 1995 through 2010, India has made some of ...

Environmental issues in India - Wikipedia

The anomalous warm ocean conditions that have persisted since September of 2014 might be dissipating. While ocean ecosystem indicators in 2015 and 2016 suggested some of the poorest outmigration years for juvenile salmon survival in the 20 year time series, some of the indicators in 2017 were fair, indicating that the ecosystem might be returning to normal.

Forecast of Adult Returns for coho salmon and Chinook
