Mental Arithmetic 3: Key Stage 2 Maths Worksheets, KS2

The ability to partition numbers (explode them into units, tens, hundreds etc) is essential and is typically introduced in Years 2/3 with the concept of place value. An understanding of number partitioning is vital for all subsequently taught methods of calculation. The simplest numbers to partition are 2-digit numbers which children need to understand are made up of a tens component and a ...

Play is essential to development because it contributes to the cognitive, physical, social, and emotional well-being of children and youth. Play also offers an ideal opportunity for parents to engage fully with their children. Despite the benefits derived from play for both children and parents, time for free play has been markedly reduced for some children.
