

essentials of communicable disease pdf

List of notifiable conditions for health-care providers, laboratories, and other public health personnel to report to Department of Health.

List of Notifiable Conditions :: Washington State

In an infectious disease, the incubation period is the time between infection and the appearance of symptoms. The latency period is the time between infection and the ability of the disease to spread to another person, which may precede, follow, or be simultaneous with the appearance of symptoms. Some viruses also exhibit a dormant phase, called viral latency, in which the virus hides in the ...
