Difference between WS2801, WS2811 and WS2812. Before we start, we should probably identify the differences between the WS2801, WS2811 and WS2812 based strips (also called "strands"). Most projects and descriptions out there discuss these sometimes mixed, and for one who dives into LED strips for the first time, these model numbers might be confusing.

HTML.py has been developed to easily generate HTML code for tables and lists in Python scripts. This is mostly convenient to generate reports in HTML or simple web applications in lightweight frameworks such as CherryPy.. There are already quite a few similar solutions for Python, either HTML generators or templating engines (see links at the end of this article).
