in current moment-to-moment experience and use this experience to make active choices in how to define the self and relate to others. Key experiences are explored, integrated, and used to expand the range of an individual's responses, rather than being denied or distorted. The value of being authen-

### **Attachment Theory and Emotionally Focused Therapy for**

Expand this Moment looks more to awareness of the moment. Making an intention, then taking a few breaths to experience that moment. Eventually, expanding that awareness, for the self-exploration and the benefits of meditation are clear: clarity of mind, stress relief, and for spiritual journeying.
