This philosophy focuses on human behavior as a reaction to external stimuli, and believes that changing the environment can change misbehavior. Humanism is a student centered philosophy that focuses on enhancing ones innate goodness, rejects the idea of group-oriented education, and upholds the idea of enhancing individual development.

The philosophy of education is important because it explains how educational theories arise. By examining the philosophy of education, we are able to see why and how theories complement or oppose each other. An understanding of philosophy is therefore useful in guiding and critiquing the development of educational theory.
