The previous article in the Ethos, Pathos, and Logos series defined logos and described why logical arguments are so important for your presentations.. Okay, that's all very good in theory, but do we need to be logical masters to build high logos? No, not at all. In this article, we examine simple techniques you can use in your presentations to be more persuasive by improving your logos.

Best Summary + PDF: 12 Rules for Life, by Jordan Peterson

Good governance is an indeterminate term used in the international development literature to describe how public institutions conduct public affairs and manage public resources. Governance is "the process of decision-making and the process by which decisions are implemented (or not implemented)". The term governance can apply to corporate, international, national, local governance or to the ...
