

### **financing domestic and foreign pdf**

This paper aims to investigate the effects of various sources of financing on domestic investment in African countries. Domestic savings and credit to the private sector prove to be the most robust sources of financing for domestic investment. While foreign direct investment also has a positive effect on domestic investment, the magnitude is ...

financing, capital market financing and subsidies. The paper shows that capital formation is positively associated with FDI, along with domestic debt and capital market financing, but negatively correlated with stock market liquidity. There is no statistically significant link between capital formation and foreign credit or subsidies.

Author(s): Aizenman, Joshua; Pinto, Brian; Radziwill, Artur | Abstract: This paper proposes a new method for measuring the degree to which the domestic capital stock is self-financed. The main idea is to use the national accounts to construct a self-financing ratio, indicating what would have been the autarky stock of tangible capital supported by actual past domestic saving, relative to the ...
