This is a list of fermented foods, which are foods produced or preserved by the action of microorganisms. In this context, fermentation typically refers to the fermentation of sugar to alcohol using yeast, but other fermentation processes involve the use of bacteria such as lactobacillus, including the making of foods such as yogurt and sauerkraut. The science of fermentation is known as zymology.

The diversity in many classrooms provides a starting point for children to begin to understand and value the many distinct cultures of the world. What better way to do that than to feature a winter unit on light festivals from around the world. Teach your students about the cultural traditions in France, Sweden, Thailand, Philippines, India, Egypt, Holland, and Mexico.
