Ecology and Evolutionary Biology (EEB) is a peer-reviewed, open access journal that publishes original research articles as well as review articles in all areas of ecology and evolutionary biology. The aim of the journal is to integrate perspectives across molecular and microbial evolution, behavior, genetics, ecology, life histories, development, paleontology, systematics and morphology.

Ecology and Evolutionary Biology :: Science Publishing Group

welcome. Welcome to the Journal of Biology and Medical-Research. Scientifically, we encounter an evolution of technology in today's world of biology and medical-research. Our journal will strive in the communication of this effort to make known new and innovative ideas in the various areas of research.

Biology and Medical Research | Peer Reviewed Journal

Biochemistry and Molecular Biology (BMB) is a peer-reviewed and open access journal that provides an international forum for researchers, scholars and practitioners of biochemistry and molecular biology to share experiences and communicate ideas. It is to publish refereed, well-written original research articles that describe the latest research and developments in the area of biochemistry and ...

Intraoperative radiation therapy, or IORT, is the application of therapeutic levels of radiation to the tumor bed while the area is exposed during surgery. IORT is typically a component in the multidisciplinary treatment of locally advanced and recurrent cancer, in combination with external beam radiation, surgery and chemotherapy. As a growing trend in recent years, IORT can also be used in ...

Curcumin is a constituent (up to 45%) of the traditional medicine known as turmeric. Interest in the therapeutic use of turmeric and the relative ease of isolation of curcuminoids has led to their extensive investigation. Curcumin has recently been classified as both a PAINS (pan-assay interference compounds) and an IMPS (invalid metabolic panaceas) candidate.

The Essential Medicinal Chemistry of Curcumin - Journal of

The Department of Chemical Engineering and Biotechnology at Cambridge University is one of the UK's leading research departments, ranking highly in both national and international University league tables. The department's research strategy responds to the global drive for sustainability, addressing the need for novel chemical engineering and biotechnology processes and materials.

Submission Method A journals make the final published version of all NIH-funded articles available in PubMed Central (PMC) no later than 12 months after publication without author involvement. The start date shown for each journal is the earliest publication date that meets this requirement. Enter a journal name below to see if it uses Submission Method A.
