Fair trade is a foundation whose stated goal is to help producers in developing countries achieve better trading conditions. Members of the movement advocate the payment of higher prices to exporters, as well as improved social and environmental standards. The movement focuses in particular on commodities, or products which are typically exported from developing countries to developed countries ...

Over the past century Western industrialized nations have attempted to reorganize the rest of the planet to live by their understanding of the natural and social world. In many ways they have been very successful in this endeavor. Over the period a world economic system has emerged with which communities must increasingly interact.

New The protester challenges the agency's consideration of negative past performance information regarding one of 360 ITIS's proposed subcontractors, [DELETED]. The protester argues that the agency unreasonably penalized 360 ITIS on the basis of that past performance, despite the fact that 360 ITIS limited the subcontractor's proposed role in its quotation.
