History. Wilhelm Reich and the post-Reichians are considered the central element of body psychotherapy. From the 1930s Reich became known for the idea that muscular tension reflected repressed emotions, what he called 'body armour', and developed a way to use pressure to produce emotional release in his clients. Reich was expelled from the psychoanalytic mainstream and his work found a home in ...

The Boulder Psychotherapy Institute (BPI) has been training therapists and graduate students in Applied Existential Psychotherapy (AEP) and Gestalt Therapy since 1989. AEP interlaces the insights of contemporary existential and psychodynamic approaches with techniques inspired by Gestalt and other experiential therapies. Jungian and expressive arts orientations may be included in some workshops.

Transpersonal psychology is a sub-field or "school" of psychology that integrates the spiritual and transcendent aspects of the human experience with the framework of modern psychology. It is also possible to define it as a "spiritual psychology". The transpersonal is defined as "experiences in which the sense of identity or self extends beyond (trans) the individual or personal to encompass ...

Family Therapy and Systemic Practice

Hi Cortney, Thank you for your kind comments! Greatly appreciated! I have a chapter on social anxiety in my Feeling Good Handbook. I also wrote a book on shyness and related topics called Intimate Connections. Finally, my book on anxiety, When Panic Attacks, might also be useful! If you try one of these resources, let me know if it is helpful, hopefully to the same extent as the way you defeated ...
