The ARRL Antenna Book is a practical introduction to antenna design. For a book this thick, it's strange to call it an introduction, but it is as it covers everything from safety, through antenna performance, to antenna design and modeling.

The ARRL Antenna Book: The Ultimate Reference for Amateur

You Can Build It! The ARRL Antenna Book for Radio Communications has everything you need to design your own complete antenna system. Since 1939, it has maintained its place at the forefront of Amateur Radio technology—a single resource covering antenna theory, design and construction, and practical treatments and projects.
