Significs and semiotics: Chronicle of an encounter foretold Henault, Anne 2013-08-15 00:00:00 Abstract Susan Petrilli's work contributes to the history of world semiotics in so much as it allows one to measure the extraordinary and sometimes tragic efforts developed by Victoria, Lady Welby (Welby) in order to create a network of specialists of meaning. Thanks to Welby, the European and American streams of semiotics nearly came together at their very beginnings.

Description : Significs is one of those (by no means exclusively) sign theoretically relevant movements which arose at the turn of the century. It established a philosophical tradition which, from its very inception, was interlaced with widely varying movements ranging, for example, from Breal's semantics to Carnap's and Neurath's logical empiricism.

First, the significance of De Groot's early publications is sketched against the back-ground of similar developments in the Dutch tradition of significs. Next it is argued that De Groot's methodological work has interesting semiotic aspects, for example with respect to the question of surplus meanings.
