shadow of the dark pdf

A shadow is a dark (real image) area where light from a light source is blocked by an opaque object. It occupies all of the three-dimensional volume behind an object with light in front of it. The cross section of a shadow is a two-dimensional silhouette, or a reverse projection of the object blocking the light.

In Jungian psychology, the "shadow", "Id", or "shadow aspect/archetype" may refer to (1) an unconscious aspect of the personality which the conscious ego does not identify in itself, or (2) the entirety of the unconscious, i.e., everything of which a person is not fully conscious. In short, the shadow is the "dark side". Because one tends to reject or remain ignorant of the least desirable ...
