This Shift is affecting every aspect of life on this planet – our political, social and economic structures, the environment, institutions and wars, how we view our relationships and our work.

The Shift - Mastering Alchemy

replace the old paradigm. In short, shift happens. A paradigm shift is actually a change in world view. The new paradigm does not just extend the old. Rather, it changes the way terminology is defined, how scientists view the subject, and what questions are regarded as valid. All of the textbooks have to be rewritten after a paradigm shift.
